AI Content Generation Prompts

Blog Post Prompts

- Write a 1,200-word blog post explaining [topic] for beginners. Include an engaging introduction, at least 5 subheadings, and a conclusion with a call-to-action. Optimize for the keyword '[main keyword]'.

- Generate a step-by-step guide on how to [do something]. Include bullet points, real-life examples, and tips. Target keyword: '[keyword]'. Include meta description and title tag.

- Create a listicle titled 'Top 10 [topic]'. Include clear headings, concise descriptions, and SEO-optimized headings. Ensure the content includes '[keyword]' in the title and throughout the text.

Product Description Prompts

- Write a 150-word product description for a [product name] that highlights features, benefits, and unique selling points. Use persuasive language and integrate the keyword '[product type keyword]'. Include a short bullet list of features.

- Create a comparison between [Product A] and [Product B], highlighting key features, pros and cons, and user suitability. SEO keyword: '[comparison keyword]'.

Ad Copy Prompts

- Write a short and catchy Facebook ad copy for [product/service]. Include a hook, brief benefits, and a strong call to action. Target audience: [audience info]. Focus keyword: '[keyword]'.

- Generate 3 Google Ad headlines and 2 descriptions for [product/service]. Ensure they are under character limits, include keywords, and follow best ad copy practices.
